# The Lighter Side

## David Cargill

This summer, AMSET's main galleries will feature a solo exhibition of sculptor David Cargill. David lives and works in Beaumont, and his work is recognized in local, state, and national exhibitions and collections. Working mainly in bronze, stone, wood and ceramic, Cargill has created well-known large scale sculptures for churches, universities, commercial buildings, and private collectors. *The Lighter Side* will explore the boundless imagination of the artist, who manipulates different materials to create sculptures that seem to move, twist and breathe. Focusing on themes of love, laughter and

whimsy, viewers will have a chance to see sculptures from the permanent collection of the Art Museum of Southeast Texas, as well as loans from the artist and private collections in Texas. *The Lighter Side* will also include a new documentary created by Ronald Jones showcasing David in his Beaumont studio, as well as a small exhibition in the Conn Gallery explaining the bronze-making process David uses for many of his works.

Join us for the exciting upcoming programming of *The Lighter Side*, including a soft opening on Thursday, June 3rd during First Thursday. The event will include a chance to walk through the exhibition two days early, as well as performances by local dance troupe AIMED Dance (<http://www.aimeddance.org/>).

Want to meet the artist? Consider joining us for the opening reception on Friday, June 11th. **The event is RSVP only and limited to 75 people;** contact Caitlin Clay, Curator of Exhibitions, at [cclay@amset.org](mailto:cclay@amset.org) if you would like to attend.

Additional funding provided by Kim and Roy Steinhagen, Kathé and Jim Hendricks, Sheila and Jerry Reese, and Patti and Floyd McSpadden.

They are back! We promised you that our bronco-busting, sweet-talking, gun-slinging cowboys would be re-installed after Protégé, and we are happy to say that have returned from the Wild West (aka collections storage). Pick up your cowboy hat, throw on a pair of boots, and come check out some of the cowboy-inspired permanent collection artworks on view, featuring the works of Mary McCleary, Ray Strang, David Adickes, Earl

Steve Hodges, *Vaquero*, 1993, oil on panel, gift of the artist PC 2006.03.04

Cabaniss, Mamie Deschillie, Steve Hodges, Deacon Eddie Moore, and Michael O'Brien. The show includes artworks of all materials, mediums and styles, including mixed media collages, oil on canvas, acrylic on paper, oil on panel, photography, and sculpture. Whether it's a classic depiction of the West or a more contemporary image, you are sure to find a piece in this exhibition that you love.

UPCOMING | CAT HOLTZCLAW: SOLACE ON THE SAND  
May 20 - August 15, 2021

The Art Museum of Southeast Texas is excited to present this summer an exhibition of mixed media collages by local artist Catherine "Cat" Holtzclaw. Cat is well-known in the community for her creative spirit and her ability to transform everyday objects into works of art. Cat enjoys painting, decorating houses, designing furniture pieces and assembling floral arrangements. She is also a talented jeweler, and her necklaces and earrings are beloved by many Southeast Texas residents. Cat is particularly inspired by nature, and often uses

shells, feathers, and wood to create her artworks. Cat has participated in many arts and craft fairs over the years, and she is excited to present her newest artworks in this exhibition. Interested in meeting the artist and attending the reception? Keep an eye out on our Facebook page and for e-blasts about times and dates for upcoming events.

## RECENT ACQUISITIONS

Donated works from the Rogan Estate

This April AMSET gratefully received a substantial donation of works from the estate of artist Robert Rogan. Robert lived much of his life in many parts of the Midwest. He arrived in Beaumont in the early sixties where he joined the faculty at Lamar University and soon became the head of the Art Department. The donations came through Steven Rogan, Robert's son, and his wife Joanne.

This donation consists of four medium-sized paintings of still-lives, landscapes, and abstractions. It also includes several works on paper by Robert, as well as some of his students. A number of sketches made by Robert as part of the creative and problem-

solving process will be added to the Documentary Collection of AMSET. Lastly, AMSET received several ceramic vessels by a number of area artists.

AMSET will use some of these works as part of our fundraising efforts. However, we will also consider the most significant works for accession into the Permanent Collection, and those will be presented to the Acquisition Committee on a future date.

We want to express our gratitude for the generosity of Steven and Joanne Rogan as representatives of the artist's estate. The AMSET community looks forward to enjoying these works by the late Robert Rogan.

Next time you visit AMSET you will notice a new sculpture installed at the very front of the building. This handsome sculpture is by Dallas sculptor, George Tobolowsky. *Head Above Water*, (2007), is welded steel with lacquer and was given to the museum as a bequest from the late Mary Jane Garth, an honored patron of the arts with additional support from the Garth family and the Wilton P. and Effie Mae Hebert Foundation who helped fund the movement of the work and the construction of the concrete base.

The Art Museum owns two other works by Tobolowsky including *The Traveling Entrepreneur*, (2007), that is installed in the Conn Courtyard, purchased with funds also from the Wilton P. and Effie Mae Herbert Foundation and *Drawing in the Wind*, (2005), welded steel, gift of James Surls and Charmaine Locke.

George Tobolowsky had a solo exhibition at AMSET in 2007. Since then he has exhibited widely across the United States and beyond including Venice Biennale Art, GAA Foundation & European Culture Center, Venice Garden, Italy in 2019. In 2020, his work was exhibited in the *New York City: Sculpture in the Parks Program*, Manhattan, New York City.

AMSET is ready for Summer ArtVentures 2021! This year's line-up of week-long, half-day workshops, from June 21 through July 30, is more exciting than ever, with sculpture, mixed media, watercolor, clay and much more!

ArtVentures is offered Monday through Friday with two workshops per day: morning classes are from 9 a.m. to noon; afternoons are 1 p.m. to 4 p.m. A day-long workshop from 9 a.m. – 4:00 p.m. is offered for TeenVentures week. Children ages 5-14 choose from many class options for a high quality, intensive art education experience. All courses are taught by artists and art professionals, and the participants work closely with these respected artists in a variety of mediums. **Campers are divided into three age groups, with each course designed for age-appropriate art activities:**

- Young ArtVenturers – children ages 5-7 – will have the opportunity to sample clay, paint and mixed media through simplified projects formatted for their age group. These classes will be augmented with art-related story times and outdoor activities.
- ArtVenturers – children ages 8-11 – will have many exciting courses to choose from including watercolor, clay, mixed media, and even sculpture.
- TeenVentures in Art – will keep teens active and engaged in making art – a valuable life skill. TeenVentures in Art is a special week, July 1-July 5, just for 12 to 14-year-olds interested in exploring more advanced artmaking practices. This summer, teen campers will investigate the three dimensional world of sculpture while gaining inspiration from artists such as Martin Puryear, Louise Nevelson and Lee Bontecou.

The cost for Summer ArtVentures is \$75 for members, \$135 for non-members for the first child's first class, \$75 for each additional child and \$70 for each additional class. The non-member fee includes a one-year family membership. **Scholarships are also available.**
