Young campers will have the opportunity to sample each of the listed media of our older campers for an overall art experience. Simplified projects will be completed using a variety of materials, including clay, paint, pastels, colored pens and pencils. These classes will be augmented with art-related story times and outdoor activities.

Afternoon 1 pm - 4 pm (ages 8-11)

### Paint All Piled Up

Instructor: Gina Garcia

This creative course is for budding artists that are crazy about painting but love other mediums too! In this camp, we will experiment by combining paint with an array of other materials to create incredible works of art. Campers will develop new skills while learning to think outside the box.

## Week 2 (June 10 - June 14)

Morning 9 am - Noon (ages 8-11)

### Things With Wings

Instructor: Kristy Cleveland

In this wing-flapping fun camp, we will explore the world of flying things such as humming birds, butterflies, owls and insects. Campers will artistically capture things with wings using materials including watercolor pencils, paint, old book pages, and chalk pastels. This is the camp for children that love nature and art.

Afternoon 1 pm - 4 pm (ages 8-11)

### Melt Down!

Instructor: Kristy Cleveland

It's going to get hot at AMSET because campers are going to have a daily "melt down" in this cool camp! Campers will melt transformative items to create unique works of art. Forms will develop and emerge through the use of creativity and heat to inspire young artists. Art; it's what's cooking!

## Week 3 (June 17 - June 21)

Morning 9 am - Noon (ages 8-11)

### Bring On the Balance

Instructor: Donna Ware

3D is key in this creative sculpture course! Young sculptors will take their ideas to a tactile extreme by forming three-dimensional art by assembling, crafting, and modeling amazing shapes incorporating a variety of materials.

CLAY WILL NOT BE THE PRIMARY MEDIA USED IN THIS CAMP

Afternoon 1 pm - 4 pm (ages 8-11)

### Build It and They Will Come
